The 30th AAA Group headquarters unit, 11 officers and 54 enlisted men, embarked from New York on 23 July 1944 on "NY 22." I found this code name in re-reading our unit history. I know the vessel was either the *Queen Mary* or the *Queen Elisabeth* because there were over 12,000 troops on board, and we made the crossing alone, with no escort. We disembarked at Gourock, Scotland
